Re: NCP Coatings
EPA I.D. No. MID 005 167 242

Dear Mr. Hannewyk:

On March 11, 2008, a representative of the U.S. Environmental Protection Agency inspected NCP Coatings (NCP) located in Niles, Michigan. In response to violations of the United States Code of Federal Regulations and the Michigan Administrative Code identified during the inspection, EPA issued NCP a Notice of Violation on May 13, 2008. EPA also issued NCP a RCRA § 3007 Information Request on August 5, 2008. EPA received NCP's responses on March 24, 2008, May 13, 2008, June 10, 2008, September 5, 2008 and September 21, 2008.

This letter is to inform you that EPA has completed its review of NCP's responses and does not plan additional enforcement action at this time. This letter does not limit the applicability of either the requirements evaluated, or of other Federal or state regulations. EPA and MDEQ will continue to evaluate NCP in the future. If you have any questions or concerns regarding this matter, please contact Duncan Campbell of my staff at (312) 886-4555.

Sincerely,

A handwritten signature in black ink, appearing to read "Willie H. Harris".

Willie H. Harris, P.E.
Chief, RCRA Branch
Land and Chemicals Division
